.....

Excellency,

Human rights activist Su Changlan of Foshan, who peacefully supported democratic rights, was in December 2017 released after three years in prison. I appreciate Su Changlan's release from prison and thank you for it.

Since Su Changlan has completely served her sentence, she is legally free. Nevertheless her liberty and the liberty of her family members are currently restricted by the government.

We ask you to allow Su Changlan and her family to move entirely and unconditionally free.

Thank you very much.

Yours faithfully,
