Dear Director,

I am writing to appeal for the release of **SU CHANGLAN** from prison.

On 27/10/14 she was taken from her home by police for questioning. On 03/12/14 her arrest was officially registered and she was charged with "picking quarrels and provoking trouble".

She is widely regarded as a non-violent political prisoner who has only been detained for her activities in support of human rights, in particular for the rights of women and children.

Please release **SU CHANGLAN** immediately and unconditionally.

Yours faithfully,
